

Nearest Neighbor Predictors

```
graph TD; A([Nearest Neighbor Predictors]) --> B([Inductions]); B --> C([Records]);
```

A vertical flowchart with three ovals. The top oval is red and contains the text 'Nearest Neighbor Predictors'. A black arrow points down from this oval to a red oval in the middle containing the text 'Inductions'. Another black arrow points down from the middle oval to a black oval at the bottom containing the text 'Records'.
