

Set Extension

```
graph TD; A([Set Extension]) --> B([Identity]); B --> C([Objects]);
```

The diagram consists of three vertically aligned ovals. The top oval is red and contains the text 'Set Extension'. A black arrow points from the bottom of this oval to the top of the middle oval. The middle oval is also red and contains the text 'Identity'. Another black arrow points from the bottom of the middle oval to the top of the bottom oval. The bottom oval is black and contains the text 'Objects'.
